Community Therapy SERVICES

Staff Occupational Therapist

COMMUNITY MENTAL HEALTH

1.0 FTE, One-year Term | START DATE: February 2027

Community Therapy Services' Community Mental Health program, Support & Consultation for Independent Living (SCIL), provides recovery-oriented services to individuals experiencing mental illness, with a primary focus on independent living skills at the community level. The successful candidate will be responsible for the administration and delivery of effective therapy services, providing client assessment and intervention, program planning/evaluation, and education (clients, care providers, students and staff).

Qualifications:

- Baccalaureate or master's degree in occupational therapy
- Registered and a member in good standing with COTM and adherence to the Code of Ethics
- Minimum 5 years recent clinical experience in community mental health service delivery
- Valid MB driver's licence and vehicle to carry out job responsibilities
- Satisfactory criminal records check

Additional Requirements:

- Strong analytical and critical thinking skills
- Demonstrated effective interpersonal, communication and leadership skills
- Proficient computer skills and excellence in written communication skills (report-writing)
- Strong organizational and time management skills, and demonstrated ability to initiate and work independently

Accommodation is available on request for candidates taking part in all aspects of the selection process.

Questions about this posting are welcome.
To apply, submit a resume and cover letter to:
